OVERVIEW

What is NASA SEWP VI?

The NASA Solutions for Enterprise-Wide Procurement VI (SEWP VI) is a Government-Wide Acquisition Contract (GWAC) that gives all U.S. federal civilian and defense agencies a streamlined, pre-competed mechanism to purchase IT products and related services. It is administered by NASA Goddard Space Flight Center and authorized by the Office of Management and Budget (OMB).

Axelliant holds two SEWP VI awards: Category A (ITC/AV Solutions, Contract No. 80TECH26D0242) and Category C (ITC/AV Mission-Based Services, Contract No. 80TECH26D0330). Any federal agency can issue a task order to Axelliant directly through the SEWP portal without running a new open-market solicitation.

REQUIRED CLAUSE A.1.13

Fair Opportunity and Requests for Quotes

SEWP Surcharge Disclosure:
All SEWP VI task orders are subject to a SEWP Surcharge of **0.34%**, remitted by Axelliant to NASA. This surcharge applies to both Category A and Category C orders and is included in all pricing.

Contractors will be provided a fair opportunity at the individual order level as appropriate per FAR Part 16.505(b), including the SEWP RFQ tools. No documentation for the order selection is required to be submitted with the order. All such documentation is to be maintained by the issuing procurement office.

The Contractor shall not market, quote or otherwise offer for sale, any IT Solutions not listed under this contract, until the said solutions are included in the SEWP database of record, and available to all Government end-users.

If the Government issues a Request For Information (RFI) as part of market research, the Contractor may provide items not yet listed on their SEWP contract as part of a market research quote if: (1) all such items are clearly marked as not yet available on their SEWP contract; and (2) the contractor submits a technology refreshment request to add those products to their contract.

If the Government issues a Request For Quote (RFQ) or a Market Research Request (MRR), the Contractor may only respond with items available on their Contract and the price of each item shall be no greater than the price in the SEWP database of record at the time the quote is issued. If the Contractor has insufficient items on their contract to fully respond to the Formal RFQ, the Contractor must respond with a No Bid.

When submitting a quote to a government end-user, the contractor must clearly state the length of time the quote is valid. The contractor shall honor any order submitted within the stated time period of a quote.

ORDERING PROCESS

How to Place an Order

01

Step 1 -- Contact Axelliant

Reach out to our federal team with your IT requirement. Submit a request at axelliant.com/government or contact sewp-vi@axelliant.com directly. Provide a brief description of your need, agency name, and a point of contact.

02

Step 2 -- Receive a Quote

Axelliant will prepare a SEWP-compliant quote and submit it through the SEWP portal within your requested timeframe. Pricing is inclusive of the 0.34% SEWP surcharge. Category A orders reference Contract No. 80TECH26D0242; Category C orders reference 80TECH26D0330.

03

Step 3 -- Fair Opportunity

For orders over the applicable threshold, your contracting officer conducts a fair opportunity process among SEWP VI awardees per FAR 16.505(b). Axelliant responds using only items listed on our SEWP VI contracts.

ORDERING PROCESS

How to Place an Order

04

Step 4 -- Issue Task Order

Your contracting officer issues the task order through the SEWP portal referencing the applicable contract number. No separate solicitation required. Orders may be FFP, T&M, or Labor Hour.

05

Step 5 -- Delivery and Support

Axelliant fulfills the order and provides post-delivery support including installation, warranty assistance, and technical support. Contact Shahzad Munawwar (DPM) at shahzad.munawwar@axelliant.com or 424-535-1081 for post-award issues.
